This registrant has permission (from parent or guardian if registrant is under the age of 18, or from self if registrant is 18 or older) to participate in all session and field trip activities. In case of emergency, I hereby request and authorize any physician, hospital or health care provider to provide medical treatment promptly, whether or not I may be contacted and informed. INITIALS\_\_\_\_\_ Designated OMSI staff will dispense medication under physician's orders. Under statutes ORS 30.800 and 30.807, all medications must be in a prescription container clearly labeled with the child's name, type of medication, dosage and times (both a.m. and p.m.) to administer medication to my above named child in the manner described by the physician's orders. INITIALS\_\_\_\_\_. In consideration of this registrant's participation in OMSI programs, I (the parent or guardian if registrant is under the age of 18, or self if registrant is 18 or older) hereby release, waive, and discharge OMSI, and all of its instructors, employees, officers, directors, agents, and volunteers from any and all liability to the registrant, and to all the registrant's legal representatives, assigns, heirs, and next of kin for damage and injury to the registrant or to any person or property arising out of participation in the program, whether on OMSI's premises or elsewhere. This agreement includes but is not limited to claims or demands on account of injury or damage caused or allegedly caused by the negligence of OMSI or any of the individuals listed above. INITIALS\_\_\_\_\_. For campers requiring injections: Generally, OMSI staff are not trained to administer injections or other medical procedures. OMSI policy is to allow individual staff to voluntarily act under the statutes ORS 30.800 or 30.807 and administer requested injections or other medical procedures, should they individually choose to do so on a case-by-case-basis. Instructions as to requested injections or medical procedures must be provided by the physician. I request OMSI to inquire whether there are staff who are willing to consider acting under the statutes ORS 30.800 or 30.807 on a case-by-case-basis should the above named need an emergency injection or other medical procedure in the manner described in the physician's orders. OMSI cannot guarantee that it will find willing staff to act under the statutes ORS 30.800 or 30.807 or that such staff will so act in every case. INITIALS\_\_\_\_\_ By participating in OMSI's programs, I consent and authorize OMSI to use the above named participant's photograph for education and public relations purposes related to OMSI. INITIALS\_\_\_\_\_ I give my consent for my child (under 18 years of age) and give consent for myself, as parent or guardian, to participants in surveys that will be used to evaluate program effectiveness and/or seek funding for financial aid.
